PRESS RELEASE

June 15, 2017

City of Glenwood Springs Soliciting Community Feedback for Proposed Pitkin Ave Bike Lanes

GLENWOOD SPRINGS, CO – The City of Glenwood Springs is planning to install bicycle lanes on Pitkin Avenue from 8th Street to 14th Street, and is currently soliciting community feedback for the proposed change. The planned lane configuration would include one 4-foot lane in each direction, to the right of the existing travel lane and to the left of parked cars.

This project, which was one of several recommendations in the City's Long Range Transportation Plan (2015), will create a dedicated space for bicyclists traveling on an important north-south bicycle route on the west side of SH-82. It will also facilitate cross-town bicycle travel via the new 14th Street bicycle and pedestrian bridge and the 12th Street Ditch trail.

Construction would occur later this month, or the beginning of next month.

Under City policy, neighborhoods are required to be advised of proposed traffic changes and provided an opportunity to ask questions and provide their feedback. Please submit your questions and comments regarding this proposed change before June 21 to Transportation Manager Tanya Allen at 384-6437, or by e-mail at tanya.allen@cogs.us.
