## RULES FOR SAFE RIDING

### On the Road

1. Obey all traffic laws, signs and signals. bicycles on the road have the same rights and responsibilities as motor vehicles.
2. Be visible. Keep to the right in travel lanes but take the lane for safety at intersections, near parked cars, or when the road narrows. Bright colored and reflective clothing also helps.
3. Be predictable. Avoid weaving in and out of traffic or suddenly alternating between sidewalk and road. Always signal when making a turn.

### On the Trail

1. Our trail system is meant for everyone. Be courteous and share.
2. Keep right and pass left.
3. Yield to slower trail users. Say "passing left" or ring a bell to let them know you're overtaking.
4. Travel at a safe speed near other users - no more than 20mph.
5. If you're standing still, step aside.
6. Keep pets leashed and close by for their safety and that of others. Leash laws will be strictly enforced.
7. Slow down when rounding blind curves and entering tunnels.
8. Electric-assisted bicycles are subject to the same rules and speed restrictions as all other bicycles.

### On the Sidewalk

1. Riding on the sidewalk is permitted, with the exception of the sidewalk dismount zone and anywhere else specifically signed.
2. When riding on the sidewalk, obey all pedestrian signs and signals. Yield to pedestrians and slower moving sidewalk users at all times.
3. Use common sense on bridges and narrow sidewalks. Walk your wheels in a crowd!
4. Watch for vehicles at intersections and driveways.

**WHEREVER YOU ARE, ALWAYS WEAR A HELMET AND RIDE WITH LIGHTS AFTER DARK!**
