

# SOPRIS ELEMENTARY IMPACTS

## Legend

-  School/Parent Drop off Access
-  Bus Only Route
-  Pedestrian access
-  Roundabout under Construction
-  Sidewalk Closures

Construction near Sopris Elementary School to facilitate critical roadway work is 1/3 complete, with an anticipated end date of Summer 2022. Construction crews are working intensely in the Midland corridor and on the future roundabout at the intersection of South Midland and Four Mile Road.

Beginning August 16, expect lane closures and delays on South Midland from 9:00 a.m. – 3:00 p.m. on schooldays (9:00 a.m. - 2:00 p.m. on Wednesdays); motorists are encouraged to limit trips during lane closures.

Please consider using the school bus to help reduce traffic (and headaches).

## Project Information and Updates

All traffic impacts, travel advisories, and construction updates will be announced via City of Glenwood Springs NotifyMe for South Midland in both English and Spanish. Sign up to receive project email or text alerts at [www.cogs.us/NotifyMe](http://www.cogs.us/NotifyMe). Contact info below.

Thanks for your patience.
